Mobile opening

WHY CHOOSE IT

Builds trust through people and place.

DESIGNED FOR

Cooperative partners, local communities and buyers.

COLOR DIRECTION

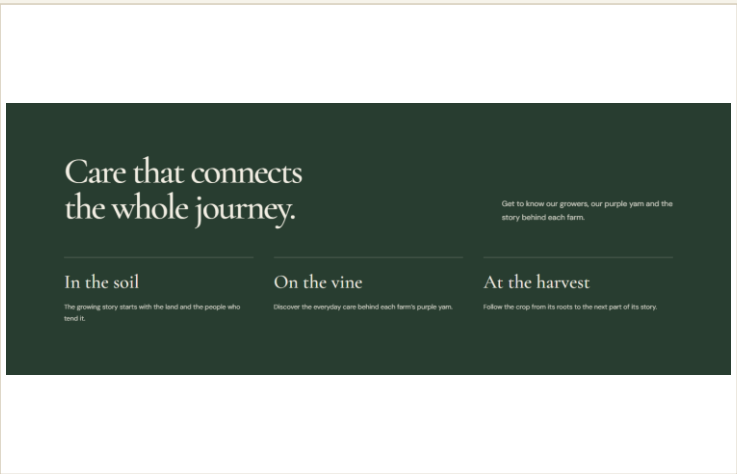

Let the people lead the story.

Proposed scroll behavior. These previews show composition and content; photography is illustrative.

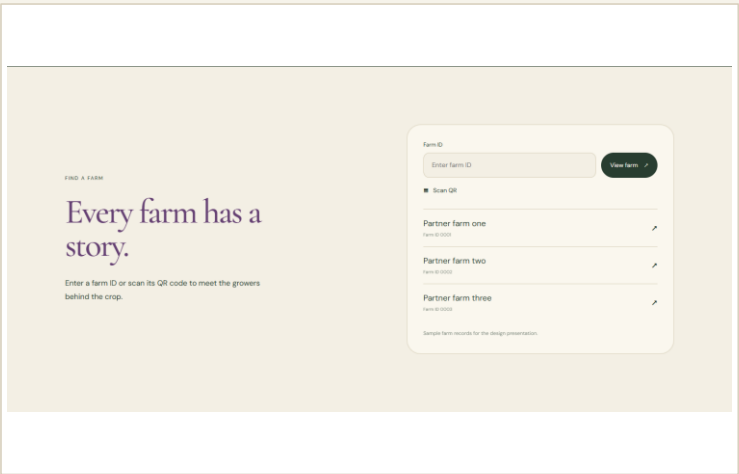

01 People & place

The opening arch reveals the field. Photographs and headlines move on separate planes, then settle for reading.

02 A connected growing story

A thin vine line leads into the soil, vine and harvest chapters. Each chapter arrives with a gentle upward reveal.

03 Meet a partner farm

Farm cards lift into place. Entering an ID, scanning a QR or choosing a partner opens the same farm profile.
